Course Outline/Calendar Description

Course Title: Advanced Patrol Training – Law on Drinking and Driving

Delivery Method: Online

Course Description:

This course is adapted from the Ontario Police College's Advanced Patrol Training Course. As such, some portions of this course are specific to Ontario jurisdictions. Interested participants from outside of Ontario are encouraged to contact CPKN for further information.

The Ontario Police College and the Canadian Police Knowledge Network have adapted the Advanced Patrol Training Course (APT) program into a two-part blended learning course. Officers seeking APT certification can now complete Part I via CPKN and Part II in a condensed classroom session from the OPC or an authorized police service.

Designed as a refresher-training course for police officers engaged in general patrol duties, Part I of APT includes 7 modules covering a variety of topics specific to patrol duty, legal updates, and current patrol issues. Using case scenarios and experiential exercises, the modules contain basic concepts and foundation material relating to officer authorities in these areas.

To complete the OPC course, learners must complete all 7 modules. Services who conduct their own APT course may opt to build a customized course by selecting individual modules.

Police officers enforce drinking and driving offences. Police officers at this level should be aware of statute and case law that impact this enforcement.

This module is designed to update police officers with the relevant provincial and federal legislation and case law. Through case studies the learner will demonstrate the proper investigative procedure for drinking/driving (operating) offences. The learner is also provided with charts on Fail to Remain, Disqualified/Suspended Summary of Offences, the Graduated Licensing System, and Impaired Driving, for use on patrol.

Course Objective(s):

- Recall the applicable laws on drinking and driving under the Highway Traffic Act and the Criminal Code
- Recall the applicable case laws that impact the laws on drinking and driving
- Recall the laws on drinking and driving under the Criminal Code

Evaluation Standard:

Students will complete a final assessment consisting of 20 questions. Students will have two (2) attempts to successfully pass the assessment. Pass criteria is 75%.

Target Audience: Police Officers

Duration: 1 ½ Hours

Price: \$25.00 plus GST

Prerequisite(s): None

Language(s): English

Special Notes: This course is adapted from the Ontario Police College's Advanced Patrol Training Course. As such, some portions of this course are specific to Ontario jurisdictions. Interested participants from outside of Ontario are encouraged to contact CPKN for further information.

Course Evaluation Strategy

Evaluation Strategy

This course contains two forms of evaluation—practice activities and a final assessment.

Each practice activity provides the means for the learner to self assess, without scoring or tracking, in order to provide an environment to discover from mistakes and perfect their performance.

The final assessment provides a scorable/trackable function that assesses the learner on their overall knowledge gain. The final assessment serves two functions: it provides the learner with a pragmatic utilization of the knowledge; and provides data to the learner's organization so that it can provide the learner with additional remediation, or identify areas in the content that require critical attention and improvement.

Criteria	Practice Activities	Final Assessment
Question Creation	CPKN/Content Provider	CPKN/Content Provider
Question Types	<ul style="list-style-type: none"> • Multiple Choice • True/False • Scenario 	<ul style="list-style-type: none"> • Multiple Choice • True/False
Question Numbers	Varies by lesson	Pool of 20 questions – 20 questions asked on final assessment
Feedback	Correct/Incorrect	Correct/Incorrect
Remediation	None	Completion of final assessment will list areas that require review
Tracking and Scoring	None	Tracked and scored
Number of Attempts	Question level – 1 Module level – Unlimited	Question level – 1 Final Assessment – 2
Passing Criteria	N/A	75%
Reporting Requirements	None	Completion and scores
