A Q&A session will allow for a dynamic discussion on these issues.	Del Manak (Victoria); Paul Pederson (Greater Sudbury); Jennifer Richens (RCMP L&D)
Noon	LUNCH Lunch ‘n Learn (optional) – Getting the Most Out of an LMS CPKN’s team will be available to share some of the innovative ways the LMS can be used by services to facilitate training.	
1:00 pm	The Science of Learning – Presentation & Group Work (90 minutes) This experiential presentation provides a brief introduction of the nine principles of learning followed by in-depth discussion of the most crucial principles. The conversation demonstrates the power of the science and how it profoundly alters the way we need to think about instructional design. For example, how much we teach and the sequence of content delivery are key to unlocking permanent memory. This approach enables participants to experience the difference of a lesson designed under the new constructs and judge for themselves its impact on efficacy.	Sean Sears
